DEPARTMENTS

St. Rita: a Picture of Development of Character

The prime objective at St. Rita High School is the training and advancement of the personality and character of the individual student. The only way to achieve such a difficult goal is to cultivate a young man's religious, moral, intellectual, physical, and emotional development.

Education and growth in religion are effected by giving each student a more complete knowledge of his religion and by demonstrating how it applies to his problems in daily life. Thus the student will have a better appreciation of its value.

Concerning the acquisition of morals in line with the moral law of God, it is endeavored to produce a Catholic gentleman who is aware of his purpose and place on earth and one who is able to achieve his natural and supernatural ends by integration and organization of his own life.

Intellectual development of the student is attained by training the judgment of the individual to the extent that he may always distinguish the primary values in life and thus discern important civic, social, and personal values.

With the premise that a sound mind functions more efficiently in a sound body, every possible measure to insure physical safety, well-being, and growth is practiced and applied by means of high alimentary standards and excellent athletic facilities.

Development of the emotions is achieved through furthering by word and example, self-control, self-reliance, and the worth of the individual.

These are the invaluable qualities and character traits to whose promotion St. Rita High School has been and shall continue to be dedicated, with the temporal and spiritual welfare of the student in mind.

Prior

Fr. McArdle Directs Monastic Life of Augustinian Brothers and Priests

Fr. Henry McArdle, O.S.A., our Prior, directs the community life at St. Rita Monastery. Although his main concern is the Monastery, Father occasionally finds time to visit the high school and acquaint himself with the students.

His experience at St. Rita is quite extensive for he has served as a Spanish and mathematics teacher, Student Counselor, and Moderator of the band. One of his varied responsibilities is caring for the spiritual and physical well-being of his fellow Augustinians. Another one of his many duties is the assignment of priests to assist in various parishes.

Rector

Father Crawford Exemplifies True Spirit of Loyalty and Dedication

Father Francis Crawford, O.S.A., Rector of Saint Rita, holds not only a Master of Arts degree but also the degree of Specialist in Education. As director of studies in previous years, and as present rector, Fr. Crawford has impressed Rita Men with his calm and sound judgment. Loyalty and manliness are the key insights to his personality. The example set by Fr. Crawford—loyalty to school, dignity and strong convictions—are truly those to which all men should aspire. Father has contributed greatly to the standards of St. Rita and has developed its students into “men”.

Every Tuesday and Thursday throughout the school year, the Rector and his administrative staff meet to discuss school activities, problems, and endeavors. *Around the table:* Fr. Robert Lawrence, O.S.A., Director of Religious Activities; Fr. William Thomas, O.S.A., Director of Discipline; Fr. Joseph O'Malley, O.S.A., Director of Athletic Activities; Fr. La Vern Flach, O.S.A., Director of Guidance; Mr. Desmond Coleman, Dean of Lay Faculty; Fr. Francis Crawford, O.S.A., Rector; Fr. Robert Verstynen, O.S.A., Director of Studies; Fr. Walter McNicholas, O.S.A., Director of Vocations; Fr. John Peck, O.S.A., Director of Student Activities.

Constantly besieged by student's problems, Fr. Verstynen, Director of Studies, manages to keep a pleasant smile.

Chaplains, Frs. Lawrence and Brennan, direct religious activities.

Religion Department Changes Program to Include Liturgy

To instill a better understanding of the changes made in Catholic liturgy, the Religion Department has introduced to its line of teaching a study of the work of the Second Vatican Council and its work in updating Catholic liturgy. This course complements the regular religion courses in the first three years and the sociology course in fourth year. With the arrival of the liturgical change in religion, a new religion text will be introduced next year to better inform the students.

The main purpose of the Religion Department is to implant in the students both the knowledge and love of God so that they will be better able to live a good Christian life now and in the years following graduation. To prepare students for their state in life, a special course on marriage and family is given in the senior year. Besides this course, lectures on religious vocations are given several times in chapel.

Working hand-in-hand with the chapel program, the Department encourages frequent reception of the sacraments, especially on the students' assigned Mass day. By means of retreats, students come to the realization that religion must play a greater part in their lives. Through classroom education and by the practice of their religion, students are prepared to live better Christian lives.

FR. FRANCIS McDONNELL, O.S.A., who received his M.A. degree from Catholic University, is the chairman of the religion department. He teaches Religion I and IV and is the Sophomore Class Moderator. His special interest is golf.

Seven steps to better themes

How do you go about writing a theme? Do you sit and chew your pencil, waiting for an inspiration? Do you start writing about the first thing that comes to you, only to find after a few sentences that you don't know how to go on? Do you jot down thoughts just as they come to you, and then wonder why the teacher finds your paper confusing?

You can avoid these and many other theme-writing hazards by trying a new approach—the step-by-step method.

Writing is like any other job; it consists of a definite series of steps, and, for efficiency, the steps should come in a certain order. These steps are listed below, with a few hints about each of them. Next time a theme is assigned, try out these steps. See if you don't get off to a quicker start and end up with a better theme.

1. Choose a subject that interests you.*

All writers agree that a writer writes best about the things he knows best and is most interested in. The wisest move, then, is picking a subject in which you are familiar with through personal experience. The people you know, the places you have seen, the experiences you have had, the jobs you have held, the hobbies you enjoy, the sports you are good at, the ideas you have thought about and discussed, the opinions you have formed, the feelings you have had on different occasions—any one of these is a source for good theme subjects.

2. Limit your subject...make it specific.

Remember that if your theme is to be convincing, it must include enough information, details, examples, and ideas to make the subject as clear to your reader as it is to you. If the subject you've chosen—"photography," for example—is too big to let you do that in a theme of the length you intend to write, set down the subject in what you can handle adequately—say, "How to Take Good Color Photographs" or, for a still shorter paper, "Equipment Needed for Taking Good Color Photographs."

3. Decide what you want to accomplish.

Be sure you have clearly in mind what the central aim of your paper is going to be. Try putting it into words, for example: "My purpose is to help other amateur photographers choose the best equipment for taking color pictures."

4. Collect your material.

Do your memory for specific details—examples, incidents, facts, ideas—that will help you make your subject clear and interesting. Set down these details as they come to you, then cross out any that don't fit in with the purpose of your paper. Do you have enough good material? If not, try to get more information—from other people who know something about your subject, from books, magazines, newspapers.

*If the subject of your theme has already been assigned, you must start with Step 2, or Step 3, depending on the assignment.

Chapters 3 and 4 in Book 2

5. Get your material in order.

Review your material to be sure you have put down, briefly, all the ideas and details you think you'll use in your paper. Study the list to see which items are related, and group related ideas together under a main topic.

Decide on the order in which you want to present the main topics. The purpose of your paper will help you make this decision. Then decide on the order in which you will arrange the details from your list under each main heading.

Now you can make yourself a working outline by putting main topics and subtopics in the order you've decided on.

6. Write your first draft.

With your outline before you, start writing the first paragraph of your paper. Usually it's a good idea to begin with a topic sentence that states the main idea you're going to develop in the paragraph. Then fill in the details that make that idea clear. These details may come in steps or parts of the thing you're telling about, give examples or illustrations, give reasons, point out similarities or differences, or give causes and effects.

Keep on going in the same way with the next paragraph and the next till you've finished the first draft of your paper.

7. Revise as needed; copy; turn your paper in.

Try rereading each paragraph of your writing, asking yourself the following questions: Have I got any ideas across? Do I have I arranged the details so they make sense? Have I said what I want to say in a way that a reader can't miss? Do any words or sentences need changing? Do any sentences need to be added or deleted? Do any sentences need to be moved?

English Department Modernizes to Meet New Educational Challenges

The English Department, under the direction of Mr. Donald Racky, is playing its part in the St. Rita effort for improvement. At present the Department is concentrating on enhancing the content of the various English courses in order to insure that students will be better prepared for college. There are several aspects in this improvement program.

The grammar and usage topics which had formerly been taught to seniors have been moved to the junior program, since teachers' reports and Departmental Examinations show that freshmen and sophomores have improved enough to allow juniors to take a more rigorous course. Also, the traditional senior literature study of British Literature is taught in sophomore year.

The senior curriculum now includes a modernized English IV program, in which students stress problems in sentence structure, writing organizations and development, and depth analysis of literary types. The five new texts, *Succeeding in College Entrance Achievement Tests*, *The Art of Short Fiction*, *Reading Poetry*, *Writing Prose*, and *Writing: Unit-Lessons in Composition*, are also being used in the junior course. Also, the senior curriculum makes provision for several senior sections to study "Advanced High School English." In this new course more concentration is placed on writing techniques and on imagery in literary analysis.

These various programs for advancement and modernization are aimed at fulfilling the goals the English Department has set forth giving students special preparation for the future, modern mechanized, specialized, educationalized world they will face.

MR. DONALD RACKY is presently working for his Ph.D. from Loyola and teaches English III and IV. He is both a Y.C.S. and Ritan moderator. He is Chairman of the English Dept., and his hobby is reading.

Social Studies Department Recognizes Need for Constructive Thinking

Current Events, a new course, was added to the Social Studies Department. Available only to seniors in the scientific course, Current Events was studied by using nine pamphlets on foreign relations. More individual library work and an increased amount of critical analysis and interpretation were necessary for this course. Large maps, charts, and desk maps were used in the classes to illustrate ideas and points. Geography, another new course, was offered to those seniors taking the general course.

The Civics course gave an extensive insight into politics. Students kept up to date by writing to Congressmen for information on governmental aspects.

The Department had access to the latest editions of *Time* and *Newsweek* magazines, and conducted the Washington trip for seniors.

Time magazine gave an award of excellence and two certificates of merit to seniors for their achievements in Social Studies.

The U.S. History course concentrated on different interpretations of specified topics and aimed at the development of good Christian ideals.

Social Studies aims for mental development and the ability of the student to succeed in his social environment. This goal was achieved through critical thinking and reading besides the usual memorization of facts.

MR. JOSEPH BAMBERGER, Chairman of the Social Studies Department, is a teacher of civics, U.S. History, and current events. He holds a Masters Degree and belongs to the American Historical Society.

Below the clock is a small sign with the text '¿Que Hora es? SON LAS DOS. (IT IS TWO O'CLOCK)'. At the bottom is a newspaper with the headline 'DIOS UNION' and a photograph of a person.

Language Department Continues Old and New Techniques of Teaching

The Language Department, under the direction of Fr. Ralph Giovinetti, O.S.A., has continued the new techniques, which were introduced into its curricula last year. These techniques included a series of motion pictures, film strips, tape recordings, records, and pamphlets which related to the foreign countries involved. The most effective "tool of education" was found to be the Spanish newspaper, *La Luz*, introduced by Mr. Zalatories to his classes. Through this medium students acquainted themselves with the customs of the peoples and also learned the language.

The students are offered a two-year course in either Spanish, German or Latin, or a four-year course in Latin.

The Language Department aimed towards teaching the students not only to speak and to think the language, but also to become acquainted with the classical backgrounds.

With the assistance of Fr. McNicholas, Freshmen Walt Slezak and Martin Feilen collaborate in illustrating Latin structure.

MR. ROMAN ZALATORIS attended DePaul and Loyola Universities and received his B.A. degree from the latter. He has been a faculty member since 1952.

Mathematics Department Updates Curriculum

To keep pace with the everchanging language of mathematics, the Math Department, under the chairmanship of Mr. Lawrence Sullivan, has adopted a series of new textbooks. These books treat the new material with a modern approach that has for its basis an emphasis on discovery and understanding of basic principles.

All freshmen are taught a course in modern algebra. Six sophomore classes are offered a pilot course in modern geometry, with the view that all sophomores will be taking this course next year. Senior mathematics consists of either elementary mathematical analysis or modern trigonometry. Elementary analysis consists of introductory courses in calculus, analytics, and vector quantities. It is the purpose of Department to acquaint the students not only with the new concepts, but also the reasons underlying their foundation.

In their mathematical analysis class, Senior Guillermo Gonzalez and Mike Kaye study a graph of the intersection of three inequalities.

Recent Improvements Indicate Bright Future for Technical Department

The major improvement in the technical department was the moving of automobiles to the former aero-hangar, which was completely renovated. This renovation included the painting of the entire building and the construction of extremely pleasant working conditions for the students. Over the years automobiles has received great emphasis. Students are first given an insight into the theory of the automobile and the engine, and then they apply and augment this theory by actual experience in dismantling, rebuilding and operating engines.

Three new courses appeared on the scene: the first of these is a course entitled aerospace. This subject includes the scientific study of the relation and significance of atmospheric and astral regions to man. The other two courses, advanced woodshop for juniors and general shop for freshmen, include the study of woodworking, plastic, metal working, and some electricity. A basic knowledge and understanding in the use and function of many power and hand tools is presented. Practical application of woodworking skills is developed by making bookcases, shelves, and other useful objects.

Finally, we come to the increasingly popular electronics department. Participating students experiment with an audio amplifier and apply all theoretical knowledge to building and experimenting with a super-heterodyne receiver. After this, basic theory of TV, radar, and industrial applications of electronics are introduced.

FR. CASIMIR PAZERA, O.S.A., Chairman of the Technical Department, teaches geometry, electronics, Religion II, and data processing. He came here in 1961 and has a B.A. from Villanova. He is the Radio Club Moderator.

MR. LEWIS ANDRES, who has been at Rita since 1962, holds a M.S.M.E. degree from the Institute of Technology in Manila. He teaches mechanical drawing.

With diligence and care, John Vallee draws a plate in architectural drawing showing wall construction detail.

Joe Banasiak, John Kucala, and Rich Gergits put finishing touches on projects they made in the advanced woodshop class.

Science Department Introduces BSCS Biology and Earth Science

A great change in the Science Department took place in the field of biology. The Department introduced the Biological Sciences Curriculum Study, which placed a greater stress on the teaching of biological principles and techniques. The BSCS, although it includes the regular former material, emphasizes the biochemical approach to biology. During the year the students used over two hundred chemicals in their laboratory work. Such work included cultivating bacteria and fungi, using chromatography, working out the Mendelian laws by means of fruit fly studies, and incubating chicken embryos.

In its modernization movement, the Department introduced new textbooks and lab manuals and workbooks for general science, biology, physics, and chemistry.

Earth Science was added to the curriculum so that a science course could be offered to those juniors who are not taking physics.

Outside of classroom study, the Science Department conducted the St. Rita chapter of the Future Scientists of America. This club was organized to promote interest in the study of science and in the possibilities of scientific careers.

Two members of the science department faculty were honored for their work by grants from the National Science Foundation last summer. Fr. Raymond Wheeler, O.S.A., chairman of the Science Department and chemistry teacher, received a grant from the University of California at Berkeley where he spent eight weeks studying physics and chemistry. Fr. Edward Andrews, O.S.A., who teaches earth science, received a grant to study geology at the University of Notre Dame.

The department is now able to supply interested students with an advanced course in data processing, giving students knowledge of the basic concepts and operations in this field. Over seventy students took advantage of this course this year.

Another addition was the installation of a college accounting course which was offered during the second semester to seniors majoring in business.

This department, which is under the chairmanship of Mr. August Jeffery, provides a four-year program preparing a student for college training in commerce, administration, and finance.

Stamina and Endurance Are Aims of Physical Education Department

The Physical Education Department, under the chairmanship of Mr. Edward Galvin, has as its purpose the provision of a constructive outlet for physical exercise in order to form a well trained, healthy body. This purpose is applied in the weekly gym classes through a program of calisthenics and team sports. The first fifteen minutes of each class period is devoted to exercises and the remaining time to sports such as baseball, dodgeball, soccer, etc. However, since the classes only meet a few times a week, the students are encouraged to carry out a program of calisthenics on their own initiative.

The effectiveness of the program is being probed in the newly established "Freshman-Sophomore Weight Program". In this program the freshmen and sophomores have their weights and heights recorded. Then, when they become juniors and seniors, recordings are taken again; and the results are compared with the national average requirements of weight and height. By this it is hoped that the student will be given an incentive to watch his own physical development.

Freshmen of Section 1-J "get in position for the standing windmill" calisthenics exercise.

Mr. Galvin directs freshmen and sophomores in a calisthenics exercise. You can hear him say, "Snap it up, there! One, two—one, two . . ."

"Mustang Spa" Receives National Award

The cafeteria, better known as the "Mustang Spa", won the National Award for Food Service in a Catholic Institution!

This award was given at the National Hotel and Motel Show in New York City last November. The cafeteria won its award because of the volume of people and type of lunch served, the cleanliness of the kitchen, and its friendliness with the students.

The "Mustang Spa" had its kitchen remodeled with ultra-modern equipment that ensures better cleanliness.

Besides their daily duties, the brothers who staff the "Mustang Spa" also help at dinners and banquets held by many school organizations. The brothers also operate the concessions at football and basketball games.

Brothers Neal, Anthony, William, Bernard, Martin, and Mrs. Flink show Fr. Crawford the National Cafeteria Award trophy given to St. Rita for outstanding food service in 1964.

Many Eager Students Attended Summer School to Earn Extra Credit

The St. Rita Summer School entered its thirty-sixth year in 1964. Nearly one thousand boys and girls from both St. Rita and our neighboring high schools attended the Session under the direction of Fr. Robert Verstynen, O.S.A. and Mr. Desmond Coleman.

Academic, scientific, and business subjects were offered to those students who had a deficiency to make up or who wished to earn an extra credit. Also remedial courses in English, Reading, and Arithmetic were available to grammar school graduates and high school students during the eight week co-educational session.

CLASSES

Senior Year—a Spectrum of Colorful, Memorable Events

Starting with orientation day in September, the seniors began the most challenging year of their high school career.

The year, packed with activity, fun, and achievement, unveiled a memorable chain of events. Senior pictures, ACT and SAT tests, college applications, mid-terms, and finals composed a major part of the year. The class undertook its major responsibility of setting the pace for rest of the school.

Intermingled with the serious side of senior year were its lighter aspects. Homecoming, basketball and football games, sock-hops, Christmas Ball, and victory dances contributed to the spirit, excitement, and success of the seniors.

Spring brought the long anticipated prom—one of the last formal gatherings until the tunes of graduation ceremonies commenced.

With diplomas in their hands, the Class of 1965 emerged and took their position as adult citizens of the world.

With Eagerness Juniors Prepare for Leadership

Aproaching their final year at St. Rita, the juniors enjoy the privilege of leading the underclassmen. With two years of high school life already behind them, these experienced students face the difficult scholastic requirements of this their roughest year. The demands of hard work and much study are now familiar to them as they prepare themselves for the responsibilities of school leadership that they will face as seniors. Many juniors now have a good idea of their vocation in life, and the thought of achieving their goals gives added interest to their studies.

Officers of Junior Class—President Daniel O'Grady, Secretary Roger Niemiec, Vice President John Viktora, Treasurer Joseph Neary, and Moderator Fr. Leo Cavan-

Jim Gorecki and Art Olson of 3-F are hard to stop as they apply pressure to Quarterback Bob West of 3-D and his blockers, John Fitzgibbon, Tom Maloney, and Vernon Schleyer. Section 3-D won this intramural contest, 7-0.

Officers of Sophomore Class—President John Hoers-
ter, Secretary Charles Wilkinson, Vice President Thomas
Berry, Treasurer Alex Falcon.

Sophomores Participate in Many Varied Activities

The Sophomore class, after the dramatic transformation from humble freshmen to upperclassmen, adjusted to a fuller appreciation of the structure of school life.

The sophomores have found that participation in the school's varied activities is essential to their scholastic life. This participation cannot be overemphasized. In the future, success in a person's particular career will have much to do with the amount of knowledge he has obtained outside the classroom.

In the academic field the sophomores are offered well-oriented courses in science and business. The curricula of these courses serve to acquaint the students with related studies later in life.

The integration of outside activities with regular intellectual development obtained in school is directed to the formation of well-balanced personalities.

Freshmen Face Challenge of High School Life

In seeking to find themselves, the freshmen lend their support to the endeavors of the school. They have been introduced to the rigors of high school life and have much to learn both socially and scholastically. These eager, energetic boys are now Rita men: and they must face the responsibilities of this position. The challenge of meeting new friends, learning new subjects, and participating in school life lies before them and will not be accepted by all. They are preparing themselves in mind, soul, and body for their duties as the future leaders of our school and for lives of well-educated Christian men.

Officers of Freshman Class—Vice President Thomas Novello, Secretary John Hohol, Moderator Fr. Edward Novak, O.S.A., President Raymond Mota, Treasurer Thomas O'Connell.

On the way to their lockers, Louis Ziemba, Rich Jalloway, Bob Kelly, and Tom O'Connor are wondering whether they passed.

Mustang fans enjoy the display of floats in the parade.

Early in the school year, the Homecoming committee members, under the direction of Fr. Peck, began preparations for the Homecoming weekend.

The festivities started on Friday night with a spirited parade through the neighborhood, followed by a pep rally, fireworks display, and dance.

At the Saturday night Homecoming Dance, Diane Donovan was crowned the Homecoming Queen and Revel Freeman as King.

The highlights of the weekend were a colorful parade, float contest, and football game on Sunday afternoon. Before the Kick-off, the spectators witnessed the dedication of a new electric scoreboard donated by the Alumni.

Celebrating the Mustang victory over Bro. Rice, a record crowd attended the Sunday evening victory dance.

Mr. Robert Black, President of the Alumni Association, assists at the dedication of new electric scoreboard.

Junior-Senior Dinner Dance Becomes Annual Event

The first major social event of 1965 was the Junior-Senior Dinner Dance. The dance was presented by the Student Congress at the Ferrara Manor on St. Valentine's day.

Last year the Dinner Dance was held to honor the National Prep Football Champions, and it was such a success that the Student Congress decided to make it an annual affair.

General Chairman of the dance was the Senior Class President, Jim O'Grady. Assistant chairmen from each class were D. Mrozek 4-D, A. Bautista 4-F, M. Eckert 4-F, D. O'Grady 3-D, and J. Viktora 3-E.

One hundred seventeen couples attended the semi-formal affair. The music for the evening was provided by the Guy Charles Orchestra.

Teachers were invited as guests of the Student Congress.

Blue Key Dance—The first social activity of the Blue Key Honor Fraternity was the Blue Key Dance held on November 21, 1964. The success of this event was the result of close cooperation between members, seniors, and underclassmen. The Blue Key mem-

bers really outdid themselves in the decoration of the gym and in the sale of tickets. Over 800 dancers crowded the floor. The evening will be long remembered by all present.

Dances, Sock Hops and Proms Create

Junior Prom—"Starlight and Crystal" was the well chosen title of the Junior Promenade held at the gymnasium on May 8, 1964. In an atmosphere of gay decorations and amiable melodies by Will Chiaro and his Orchestra, the outcome of this Junior social function was one of complete success.

Mission Dance — On March 14, 1965, the annual Mission Dance was held in the school gymnasium. Many weeks of careful advance planning and ticket sales filled the gym to capacity. The proceeds of this worthy activity were sent to our foreign missionaries to aid them in their difficult task of saving souls.

Senior Prom—The most prominent of all social activities of the senior class was the Senior Prom. The South Shore Country Club was the site of this memorable event. Tuxedos, formals and flowers contributed to the formality of a lovely evening.

a Quick Tempo in School Spirit

Christmas Ball—The annual Christmas Ball commenced the Yuletide Season of 1964. The gymnasium was decorated with wreaths and poinsettias. This dance heightened the Christmas spirit with an evening of merriment and entertainment. The night reached its climax when Jane Tranas was crowned Miss Merry Christmas. A visit from Santa Claus closed the evening.

Homecoming Dance—School spirit reached its peak during homecoming weekend, when the pep dance carried the spirit to Sunday's football game. A spirited crowd poured into the gym for

the dance, which was the scene of a vigorous pep rally. Cheers echoed through the walls and the screaming and clapping prevented any sort of communication other than victory.

Mr. Milo Hamilton of WCFL speaks to the assembled juniors and seniors.

Career Day Helps Rita Men Decide Their Vocation

On November 18th, the Alumni Association sponsored the seventh annual Career Day. Thirty-five speakers representing nearly every vocation assembled in the St. Rita gymnasium for the purpose of discussing the advantages of careers with the juniors and seniors.

At the end of the conferences, the speakers were the guests of the faculty in a luncheon held in their honor in the monastery.

ORGANIZATIONS

The Ritan Improves

The Ritan is published every month except January. It is headed by seniors Walt Dedmond, Sig Eisenschenk, and Norbert Koziol, the editors-in-chief, and moderated by Mr. Donald Racky, the chairman of the English department. Mr. Racky, the editors-in-chief, and the assistant editors must meet a number of times monthly for the assigning of articles, editing and proof reading, and, finally, assembling the articles and pictures into a unified edition of the Ritan.

The major efforts of the Ritan editors and Mr. Racky have been concentrated on changing the structure of the Ritan to make a better, more unified newspaper. The size of the pages has been decreased and two extra pages were added to provide a smoother transition between pages. To increase the physical attractiveness of the Ritan, flush heads were initiated along with the use of clearer, more distinct pictures. And the composition of the articles themselves have been improved by the use of more quotes, something for which the Ritan editors have striven.

The Ritan has repeatedly received first and second class ratings from the National Scholastic Press Association. The NSPA analyzes and criticizes its member student newspapers throughout the country and gives each a rating, the highest of which is the "All American" rating.

Editors-in-chief Norbert Koziol, Sig Eisenschenk, and Walter Dedmond discuss the page-plans for an issue of the Ritan with Mr. D. Racky, the Ritan's moderator.

Blue Key Stresses Service to School

"Service to the school—this is the function and goal of the Blue Key Honor Fraternity." Blue Key consists of a select group of exemplary seniors, under the guidance of Father Hogan, the Senior Counselor and school Director of Public Relations. Qualifications consist not only of a high academic average, but also of extracurricular activity, school

spirit, leadership ability, Christian manliness, and fine personal qualities. Members were screened and selected by the school administration and a faculty committee.

Consisting of seniors only and being a vital, active organization, Blue Key has become the most influential, respected, and effective group in the school.

A fund-raising dance was held on Saturday, November 21, to provide for the purchase of blue blazer jackets, the outward symbol of the organization. These jackets were given to the members as evidence of certain status, to be worn on special occasions, such as the hosting and ushering of special events. Blue Key members will also assist in the public relations of the school, and may be called upon to represent St. Rita in community affairs and in the functions of other schools. The members are expected to project the best image as loyal Rita men.

Blue Key Officers: Sec. Joe Marks, Pres. Mike Eckert, Treas. Phil Marco, Moderator Fr. Hogan, Vice-Pres. Chuck Scheidt.

Debate Team Competes in Dubuque and Washington

This year, the St. Rita Debate Society has done very well in Chicago Catholic Forensics competition. The senior debate team has participated in tournaments at Madonna, Gordon Tech, Mother McAuley, and St. Rita high schools, as well as tournaments at the University of Illinois, Georgetown University in Washington D.C., and Loras College in Dubuque, Iowa. In all tournaments, the senior team has posted winning records. The abilities of the team have been best shown at the Navy Pier tournament where the team of Paul Rundquist and Michael Kaye placed 9th out of 120 teams.

The junior team, paced by Bruce Quintos, who received a 2nd place speaker's trophy, has also done well. A team composed of Bruce, Al Juodvalkis, Mike Higgins, and Larry Reilly placed 3rd in a tournament at Madonna High School. The experience received by Bruce Quintos and Al Juodvalkis in this year's senior league should make them a top team in their next two years.

Bright Orators Spark Speech Club

The Speech Club and Student Congress, under the guidance of Mr. McClure, participated in the public speaking tournaments of the Chicago Catholic Forensic League. This league is comprised of 49 Catholic high schools and holds 30 tournaments annually. to gain an understanding of how our government's legislative bodies work.

P. Rundquist, B. Quintos, M. Kaye, and R. Babula have been awarded individual speakers' trophies. Paul Rundquist and Mike Kaye are also the school's best contenders for the National Catholic Forensic League Tournaments held each year in New York.

Radio Club Stimulates Knowledge and Applications of Electronics to Science

The Radio Club is under the guidance of Fr. Casimir Pazera, O.S.A. The club is branched into four departments to cover the vast field of electronics and its applications. These departments are amateur radio, hi-fi stereo, radio control, and electronics experimenters. Each department has a chairman who is responsible for their entrusted equipment and conducting meetings. Students may earn one-half credit by attending weekly electronics classes and passing a comprehensive exam.

The amateur radio department broadcasts under the station license "WA9DNX"; the station trustee and chairman is Robert Zittnan. This year five members have earned amateur radio licenses from the Federal Communications Commission.

Amateur radio communicates with stations all over the world.

The hi-fi stereo department gives its members practical knowledge and skill in setting up speakers, amplifiers and other stereo apparatus. The chairman is Charles Young.

Members of the radio control department guide airplanes, boats, and other vehicles by means of electronic controls which they construct. Phil Metzger is chairman.

The electronics experimenters' department deals with electric eyes, magnetic fields, and other electrical phenomenon. Fr. Pazera conducts their instruction classes and helps them with their experiments.

The Camera Club, under the supervision of Fr. Raymond Wheeler, O.S.A., holds meetings after school each Tuesday.

The ultimate goal of the club is to take good pictures. Members are instructed in the processing of film, enlargements, explanations of trick photog-

Mustangs Capture

The St. Rita Mustangs, in defense of its City Title, closed the season with a 3—3 record. A team with a lack of depth and experience, the Mustangs fought hard in both its wins and losses. They showed the traditional spirit and fight of St. Rita teams, retaining their reputation of being the toughest on the gridiron.

Hockey Team Edged Out of Playoffs

The St. Rita Hockey Team, in its second year of Catholic League competition under Coach Jim Marik, compiled a 4—5—3 record for fifth place. This years scoring leaders were Ray Majdecki with 8 goals and 4 assists and Jim Surges with 6 goals and 3 assists. The main difficulties encountered resulted from lack of depth in the secondary. Next year, though, with the aid of three promising sophomores, Larry Dzielawa, Al Chmiel, and Jim Surges, the Mustangs should make an important showing in the C.H.L. standings.

After winning six of their eight practice games, the Mustangs finished second in the Brother Rice Round Robin and the De Paul Tournament. Paced by the rebounding and shooting of their star center, George Janky, and the excellent ball handling and play making of guard Art Pauls, the Heavies were consistently victorious during regular league play. The St. Rita team won South Section honors by defeating Mt. Carmel in an exciting double overtime, but lost to De Paul by one point in a hard fought playoff game.

Lightweights Capture Catholic Title

The caliber of the performance of the lightweight team is aptly captured by Bill Gleason's article in the March 13 *Chicago's American*: "The court work of St. Rita Coach Ed Galvin's little fellows is beautiful. You seldom see a pass thrown from the sideline near midcourt to the baseline on the opposite side, but Ed Burkauskas of the midget Mustangs throws them and accurately."

Under the leadership of Coaches Ed Galvin and Bob Kopecky, the Lights won the Brother Rice Round Robin and the Fenwick tournament. Through consistently fine performance all year, they streaked through a perfect league record of 12 and 0. They won the South Section title and captured the Catholic League Championship in an overtime contest.

Tennis Team Finishes Fourth in League Play

The Tennis Team completed its sixth season of league play under the direction of Fr. Edward Andrews, O.S.A. In Catholic league tennis each team plays five singles and two doubles matches. The team winning the match receives one point, so that the maximum number of points distributed in the meet is seven. The St. Rita team finished fourth place in league competition, but was unable to

show a better record in the playoffs. The team's standout is Mark Strzala, who has shown an individual record of 29 wins and 5 losses for three years of Catholic league play.

Varsity Track Hopeful for a Winning Season

This year our varsity track team, which is coached by Mr. Larry Wall, has shown much improvement in dual meet competition. The team's experience, unity, and work have brought it to a

high standard in the Catholic league play. Leading the team in the hurdles were Sig Eisenschenk and R. Harper. T. Smentek was the best shot put performer.

Junior Track Team Gains Experience

The Junior Track Team has grown in potential and gained much experience this year under Coach Larry Wall. Although it encountered some difficulty due to lack of depth, the team has shown talent in various events.

Captain Gary McMahon, Greg Seaver, Phil Lukaszak, and Bill Mulvihill led the team to outstanding performances on the track and in the field.

The junior cross-country team, in its second year under the direction of Mr. Larry Wall, capped a successful season by winning the South Section Championship after posting a 6—3 league record.

In addition to the South Section Title, team members earned a total of 9 individual awards. Captains Gary McMahon and Ernie Statkus

broke the South Section record of 7:05 by running 6:57 and 7:00 respectively.

Swimming Team Saw Limited Competition

The swimming team has begun to take a firm stand in our sports program. The team, under the guidance of Fr. Richard Meehan, O.S.A., has thus far seen little competition.

Fr. Meehan has placed special emphasis on keeping the members in shape by doing calisthenics

and long-distance swimming. The team, now in its second year, has bright hopes for the future.

Baseball Team Ends Season As Co-Champs

The varsity baseball team ended Catholic league play last spring in a three way tie with Mendel and Bro. Rice for first place. Under the direction and leadership of Fr. O'Malley and Coach Porrevecchio, and sparked by the pitching of A. Pauls and A. Bautista, the team ended the season with a creditable record of 11 wins and 7 losses.

In the league playoffs, the varsity lost to Bro. Rice twice, 4 to 2 and 1 to 0. However, they stunned the Fenwick team with a 15 to 1 victory, securing for St. Rita a share in the first place laurels.

The baserunner rounds third safely and sprints for home plate.

Frosh-Soph Finish Season with 5 Victories

The year's rainy spring lessened the number of games played during the season. Although handicapped by muddy fields and soaked turf, the frosh-soph squad managed to win 5 games out of the 13 games played. St. Rita hurlers pitched two shut-out games last season, but this year pitchers G. Jones and J. Zak hope to improve on this. With new recruits from the ranks of the freshmen, and with the promise of new pitching and hitting talent on the horizon, Fr. O'Malley, moderator, and Coach Porrevecchio hope to finish on top of the league.

Intramural Bowlers Compete for Honors

Under the guidance of Fr. R. Giovinetti, O.S.A., the Intramural Bowling League, which continues to attract a great number of students, has completed another successful season at Gage Park Bowling Lanes. The league is divided into four groups, one for each class. Each group has about twelve teams.

The bowlers vie for top honors including best team play, highest average, highest series, and highest game. Awards and trophies were distributed at the annual Bowling Banquet held in May.

Rifle Club Forms a Second Team

This season our rifle club exhibited a marked improvement over the last year. An increase in membership facilitated a division of the club into two teams on the basis of experience. The senior or Red team distinguished itself by capturing first place in the Lawndale Junior Rifle Tournament and by posting good scores in competition with more proficient teams at other matches. The junior team, due to its inexperience, was incapable of attaining the success of the senior team. The St. Rita Rifle Club sponsored the 1965 National Rifle Association Junior Sectionals held here at St. Rita.
